

UNIVERSITÀ DI PISA

ERASMUS KA131 2022 call for student mobility to countries participating in the Programme Annex 1 - Area/Department participation requirements

Department of Biology

Mobility for study

Bachelor's Degrees	Enrollment in a three-year degree programme with first year recovery learning requirements met (Debito Formativo) Students have also the opportunity to carry out experimental biology laboratory activities or internship and/or final test, upon agreement with the thesis supervisor/tutor and the Erasmus coordinator and in compliance with the Degree Programme regulations.
Master's Degrees	Enrollment in a Master's degree Students have also the opportunity to carry out laboratory activities for degree thesis drafting, upon agreement with the thesis supervisor and the Erasmus coordinator.
PhD, Specialization School and I and II level Postgraduate Programmes	No merit requirements to be met.

Mobility for traineeship

Bachelor's Degrees	Minimum 120 ECTS acquisition in compliance with the Degree Programme regulations.
Master's Degrees	No merit requirements to be met.
PhD	The internship programme must be consistent with the PhD learning objectives.

Department of Chemistry and Industrial Chemistry

Mobility for study

Bachelor's Degrees	Minimum 60 ECTS acquisition. Consistency of the proposed study programme with the educational objectives of the Degree Programme the student is enrolled in. For each selected foreign institution, it has to be attached the list of courses that the student means to attend and the relative programmes. It is required to have (or be able to acquire before the mobility) the linguistic level of the learning language provided for in the Erasmus agreement with the selected institutions.
Master's Degrees	Consistency of the proposed study programme with the learning objectives of the Degree Programme the student is enrolled in. For each selected foreign institution, it is required to attach the list of courses that the student means to attend and the relative programmes. It is required to have (or be able to acquire before the mobility) the linguistic level of the learning language provided for in the Erasmus agreement with the selected institutions.

Mobility for traineeship

Bachelor's Degrees	Training credits acquisition as required by the internship regulations of the Degree Programme the student is enrolled in. Consistency of the Proposed study programme with the learning objectives of the Degree Programme the student is enrolled in. An authorization letter signed by the supervisor with indication of the mobility reasons and a brief description of the traineeship project is also required. It is required to have (or be able to acquire before the mobility) the linguistic level of the learning language provided for in the Erasmus agreement with the selected institutions.
Master's Degrees	Training credits acquisition as required by the internship regulations of the Degree Programme the student is enrolled in. Consistency of the Proposed study programme with the learning objectives of the Degree Programme the student is enrolled in. An authorization letter signed by the supervisor with indication of the mobility reasons and a brief description of the traineeship project is also required.

	It is required to have (or to be able to acquire before the mobility) a good and certified English language proficiency or of the host country language.
PhD in Chemical and Material Sciences (DSCM)	Consistency of the proposed internship programme with the PhD programme learning objectives. An authorization letter signed by the PhD Programme Coordinator is also required. It is required to have (or to be able to acquire before the mobility) a good and certified English language proficiency or of the host country language.

Department of Civilizations and Forms of Knowledge

Mobility for study

Bachelor's Degrees	Proposed study programme consistent with the educational activity of the chosen university and with the candidate's academic profile. Minimum 30 credits acquisition. It is required to have (or be able to acquire before the mobility) the linguistic level of the learning language provided for by the interinstitutional agreement with the selected institution(s)
Master's Degrees	Proposed study program consistent with the educational activity of the chosen university and with the candidate's academic profile. Students drafting their thesis must attach the letter signed by their supervisor to the application. It is required to have (or be able to acquire before the mobility) the linguistic level of the learning language set out by the interinstitutional agreement with the selected institution(s)
PhD, Specialization School and I and II level Post Graduate Programmes	Proposed study program consistent with the educational activity of the chosen university and with the candidate's academic profile. It is required to have (or be able to acquire before the mobility) the linguistic level of the learning language set out by the interinstitutional agreement with the selected institution(s). Students having obtained a degree from other Italian or foreign universities must annex to the application the self-certification of the weighted average of the exams taken to obtain the degree.

Mobility for traineeship

Bachelor's Degrees	Minimum 60 ECTS acquisition. The proposed internship programme must be consistent with the learning objectives of the Degree Programme the student is enrolled in at the time of application submission. In the event these activities are considered as curricular and/or aimed at thesis drafting, an e-mail confirming the Erasmus contact person of the Degree Programme must be annexed to the traineeship proposal form.
Master's Degrees	The proposed internship programme must be consistent with the learning objectives of the Degree Programme the student is enrolled in at the time of application submission. In the event these activities are considered as curricular and / or aimed at the thesis drafting, an e-mail confirming the Erasmus contact person of the Degree Programme must be annexed to the traineeship proposal form.
PhD, School of Specialization, and I and II level Post Graduate Programmes	The proposed internship programme must be consistent with the learning objectives of the Degree Programme the student is enrolled in at the time of application submission. In the event these activities are considered as curricular and / or aimed at thesis drafting, a confirmation e-mail of Degree Programme Coordinator must be annexed to the traineeship proposal form. Students having obtained a degree from other Italian or foreign universities must annex to the application the self-certification of the weighted average of the exams taken to obtain the degree.

Department of Economics and Management

Mobility for study and traineeship

First Level Degrees	Minimum 24 ECTS acquisition for the three-year degrees in Economics and Commerce, Business Economics, Finance Banking and Financial Markets and Economics and Legislation of Logistics Systems. Minimum 21 ECTS for the three-year degree in Management for Business and Economics. It is also required to have (or be able to acquire before departure) the language level proficiency certificate for the learning language provided for in the interinstitutional agreement with the selected institution(s).is
---------------------	--

Second Level Degrees	No minimum number of credits required. It is required to have (or be able to acquire before departure) the language level proficiency certificate for the learning language provided for in the interinstitutional agreement with the selected institution(s).
PhD	Enrollment in years subsequent the first.

Department of Pharmacy

Mobility for study

Bachelor's Degrees	Consistency of the proposed study programme with the learning objectives of the Degree Programme the student is enrolled in. Enrollment in the second year or later. Minimum 40 ECTS acquisition. Good and certified knowledge of at least one foreign language
Master's Degrees	Consistency of the proposed study programme with the learning objectives of the Degree Programme the student is enrolled in. Fair and certified knowledge of at least one foreign language.
Single Cycle Degrees	Consistency of the proposed study programme with the learning objectives of the Degree Programme the student is enrolled in. Enrollment in the third year or later. Minimum 60 ECTS acquisition. Good and certified knowledge of at least one foreign language.

Mobility for traineeship

Bachelor's, Master's and single-cycle degrees	Consistency of the proposed study programme with the learning objectives of the Degree Programme the student is enrolled in. Good and certified knowledge of at least one foreign language.
PhD in "Science of Drugs and Bioactive Substances"	Enrollment in the II or III year of the Research Doctorate at the time of the planned mobility period start and specific approval by the teaching staff of the Research Doctorate. Consistency of the proposed study programme with the learning objectives of the PhD Programme the student is enrolled in. Good and certified knowledge of at least one foreign language.

Department of Philology, Literature and Linguistics

Mobility for study

Bachelor's Degrees	Consistency of the proposed study programme with the learning objectives of the Degree Programme the student is enrolled in. Minimum 18 ECTS acquisition at the time of application submission. It is required to have (or be able to acquire before departure) the language level provided for by the Erasmus agreement with the selected institution.
Master's Degrees	Consistency of the proposed study programme with the learning objectives of the Degree Course the student is enrolled in. It is required to have (or be able to acquire before departure) the language level provided for by the Erasmus agreement with the selected institution
PhD, School of Specialization and I and II level Postgraduate Programmes	Proposed study programme consistent with the educational activity of the selected university and with the candidate's academic profile.

Mobility for traineeship

Bachelor's Degrees	The proposed internship programme consistent with the learning objectives of the Degree Programme the student is enrolled in. Minimum 60 ECTS acquisition.
Master's Degrees	The proposed internship programme consistent with the learning objectives of the Degree Programme the student is enrolled in.
PhD, School of Specialization and I and II level Postgraduate Programmes	Proposed study programme consistent with the educational activity of the selected university and with the candidate's academic profile.

Department of Physics

Mobility for study and traineeship

Bachelor's Degrees	Minimum 60 ECTS acquisition at the time of application submission. For each selected foreign institution, students must select the courses to attend and, where possible, the link or programme of the relevant courses. This information must be reported in a file to be uploaded on the online application. This file is essential for the application submission, since its lack in the application may not guarantee the scholarship allocation/awarding.
Specialist Degrees and Master's Degrees	For each selected foreign institution, students must select the courses to attend and, where possible, the link or programme of the relevant courses. This information must be reported in a file to be uploaded on the online application. This file is essential for the application submission since its lack in the application may not guarantee the scholarship allocation/awarding

Department of Law

Mobility for study/thesis/traineeship

Bachelor's Degree	Having passed the exams of Institutions of Private Law and Constitutional Law, by the Call deadline.
Single-cycle Master's Degree	Having passed the exams of Private Law I and Constitutional Law I, by the Call deadline.
Master's Degree	No merit requirements are to be met.
Doctorate and I and II level Postgraduate Programmes	No merit requirements are to be met.

Department of Computer Science

Mobility for study

Degree in computer science	First year students can apply for an Erasmus+ scholarship only if having acquired a minimum of 9 ECTS (English language exam excluded). Students of following years can only apply after having acquired a minimum of 36 credits.
Master's Degree in Computer Science and Networking	minimum two exams recorded at the time of the application.
Specialist Degrees, Master's Degrees in Computer Science and Master's Degree in Computer Science for Economics and Business (Business Informatics)	No merit requirements are to be met.

Mobility for traineeship

Bachelor's Degrees	Enrollment in the third year at the time of application and required acquisition of no more than 18 credits in addition to the internship project.
Specialist Degrees and Master's Degrees	No merit requirements are to be met.

Department of Energy, Systems, Territory and Construction Engineering

Department of Information Engineering

Department of Civil and Industrial Engineering

Mobility for study

Former Educational System Degree/Italian "Laurea Vecchio Ordinamento"	minimum 12 curricular exams*passed
Bachelor's Degrees and Single Cycle Master's Degrees	minimum 60 curricular ECTS*for passed exams
Specialist Degrees and Master's Degrees	No merit requirements are to be met.
PhD, Specialization School and I and II level Postgraduate Programmes	No merit requirements are to be met.

Mobility for traineeship

Former Educational System Degree/Italian "Laurea Vecchio Ordinamento"	minimum 12 curricular exams*passed
Bachelor's Degrees and Single Cycle Master's Degrees	minimum 60 curricular ECTS*for passed exams
Specialist Degrees and Master's Degrees	No merit requirements are to be met.
PhD, Specialization School and I and II level Postgraduate Programmes	No merit requirements are to be met.

For mobility for thesis drafting or curricular internship: statement by the thesis supervisor/internship tutor (see instructions <http://www.ing.unipi.it/it/internazionale/mobilita-in-uscita/erasmus-outgoing>)

***Curricular** credits are recognized by the Degree Programme for degree awarding and already registered in the student academic activity at the time of application.

Department of Mathematics

Mobility for study and traineeship

Former Educational system Degree/Italian "Laurea Vecchio Ordinamento"	No merit requirements are to be met.
Bachelor's Degrees	Having passed Arithmetic (9 CFU/ECTS), Mathematical Analysis I (15 CFU/ECTS) and Geometry I (15 CFU/ECTS).
Specialist Degrees and Master's Degrees	No merit requirements are to be met.

Department of Translational Research and New Technologies in Medicine

Department of Surgical, Medical, Molecular and Critical Area Pathology

Department of Clinical and Experimental Medicine

Mobility for study

Single-cycle degree in MEDICINE and SURGERY	Enrollment from third year onward. Adequate knowledge level of the host country language, except for specific language knowledge levels requirements by some institution.
Single-Cycle degree in DENTISTRY	Enrollment from third year onward. Adequate knowledge level of the host country language, except for specific language knowledge levels requirements by some institution
Bachelor's Degrees and Master's Degrees	Regular enrolment in the degree programme. Adequate knowledge level of the host country language, except for specific language knowledge levels requirements by some institution.
PhD, School of Specialization and I and II level Postgraduate Programmes	No merit requirements are to be met to participate.

Mobility for traineeship

All the courses	no merit requirements are to be met.
-----------------	--------------------------------------

Department of Agricultural, Food and Agri-Food Sciences

Mobility for study

Former Educational System Degree/Italian "Laurea Vecchio Ordinamento"	Having passed 2/3 of the exams of the degree programme. A foreign language knowledge is a preferred requirement. For students "fuori corso", the application will be considered depending on places availability.
Bachelor's Degrees	Enrolment in the first year and minimum 16 ECTS acquisition. Enrolment in the second year and minimum 46 ECTS acquisition. Enrolment in the third year, or "Fuori Corso", and minimum 76 ECTS acquisition.
Specialist Degrees and Master's Degrees	Enrolment in the first year and minimum 16 ECTS acquisition. Enrolment in the second year, or "Fuori Corso", and minimum 30 ECTS acquisition.

Mobility for traineeship

Bachelor's Degrees	Minimum 120 ECTS acquisition
Specialist Degrees and Master's Degrees	No requirements are to be met.
PhD	Enrolment in the second or third year. For those enrolled in the third year: mobility must be completed within 6 months after the end of the three-year period. Internship programme consistent with the objectives of the research programme.

Department of Political Sciences

Mobility for study

Bachelor's Degrees	Minimum 9 ECTS acquisition. The language knowledge (at least B1 level) requirements set by the host institution with the specific agreements signed.
Specialist and Master's Degrees	No conditions for participation are required. The language knowledge (at least B1 level) requirements set by the host institution with the specific agreements signed.

Mobility for traineeship

Bachelor's Degrees	Minimum 9 ECTS acquisition.
Specialist and Master's Degrees	No conditions for participation are required.
PhD and Post Graduate Programmes	Participation will be subject to the relevant Councils authorization

Mobility for study

Bachelor's Degree in Tourism Sciences	Minimum 6 ECTS acquisition. The language knowledge (at least B1 level) requirements set by the host institution with the specific agreements signed
Master's Degree in Design and Management of Mediterranean Tourism Systems	No conditions for participation are required. The language knowledge (at least B1) requirements set by the host institution with the specific agreements signed.

Mobility for traineeship

Bachelor's Degree in Tourism Sciences	Minimum 60 ECTS acquisition at the time of departure.
Master's Degree in Design and Management of Mediterranean Tourism Systems	No conditions for participation are required.

Department of Veterinary Sciences

Mobility for study

Former Educational System Degree/Italian "Laurea Vecchio Ordinamento"	Enrolment in the second year. Having passed at least 50% (rounded to the nearest lower number) of the exams required by the academic system for the years preceding the one of the application submission. Language requirements of host institutions having specific agreements signed will be considered.
Bachelor's Degrees	Language requirements of host institutions having specific agreements signed will be considered.
Single-cycle Master's Degree Specialist Degree and Master's Degree	Language requirements of host institutions having specific agreements signed will be considered.
PhD	Enrolment from the second year onward at mobility departure date). Language requirements of host institutions having specific agreements signed will be considered Study programme consistent with the objectives of the research programme.
School of Specialization and I and II level Post Graduate Programmes	Language requirements of host institutions having specific agreements signed will be considered.

Mobility for traineeship

Old-Style Degree, Bachelor's Degrees, Specialist Degree and Master's Degree, single-cycle Master's Degree, Specialization School and I and II level Post Graduate Programmes	Language requirements of host institutions will be considered.
PhD	Internship programme consistent with the objectives of the research programme. Language requirements of host institutions will be considered.

Department of Earth Sciences

Mobility for study

Bachelor's Degrees	Having acquired at least 45 ECTS of the 60 ECTS corresponding to the first-year educational activities.
Specialist Degrees and Master's Degrees PhD and I and II level Post Graduate Programmes	No minimum requirements are to be met.

Mobility for traineeship

For all Programmes	No requirements are to be met.
--------------------	--------------------------------
